**Subject:** SMMUSD Meeting

Hi all,

I either spoke with you today or left a message for you. As you all know we have been going through an environmental testing process at Malibu High School and Cabrillo Elementary School due to concerns brought forth by teachers at MHS. We have completed our initial testing. So far we have results from Radon, EMF, CO<sub>2</sub> and we have the PCB air sampling and some wipe sample results and should have the bulk sample results by the end of the week. We have a very concerned community and now need to bring in the agencies responsible for setting standards around evaluation criteria and remediation as we determine next steps. I have a Board meeting on Thursday and we have agendized a discussion with the BOE to bring them up to speed, with a study session to be set for some time in December. I would like to see if you, or a representative, can meet with me (or ring in by phone) on Wednesday at 3 p.m. to assist me in guiding the district forward. I would also like to see if any of you can attend the BOE meeting on Thursday at 7:30 should the BOE or public have questions.

I know this is not much advance warning and appreciate any assistance we can receive.

Thank you,

Sandra Lyon
